World Fair Trade Day

Each May, people in over 80 countries hold World Fair Trade Day events to highlight the importance and benefits of Fair Trade. Fair Trade supporters host food & drink tastings, craft shows, music jams, sports games and other fun activities to encourage people to "take a Fair Trade break."

FTRN coordinates the main campaign in N.

America, involving over 50,000 people at around 450 events each year.

WHAT IS FAIR TRADE?

Fair Trade is a competitive business model that takes into account social values often disregarded in conventional business—one that builds equitable, long-term partnerships between consumers in developed nations and producers in developing regions.

Fair Trade businesses commit to:

- Paying a fair wage in the local context.
- Offering employees opportunities for advancement.
- Providing equal opportunities for all people, particularly the most disadvantaged.
- Engaging in environmentally sustainable practices.
- Being open to public accountability.
- Building long-term trade relationships.
- Providing healthy and safe working conditions within the local context.
- Providing financial and technical assistance to producers whenever possible.
